

A Note from the Chairperson

What an incredible winter – snow, snow, snow. What more could we possibly ask for? Well, I suppose if that's your thing – snow!!!

We started out with a successful Christmas party at the Kelting's. The food , atmosphere, and conversation put us all in good spirits for winter fun with the Shatagee Woods ADK.

We snowshoed and skied through the likes of Cobble Hill, to Henry's Woods in Lake Placid, to the sugaring off party at the Merrill School House. Occasionally we had to dodge mud and major snow but overall the winter schedule was a huge success. And, what were thinking Biking around Fish Creek in April?? With over two feet of snow on the ground that of course didn't happen.

Wet & wetter, because of the flood Twin Valley had to be canceled and we thank Ken Adams for trying to plan this outing for us.
